

BUILDING FUTURES *one skill at a time*

FAIRFIELD COUNTY WORKFORCE CENTER - OVERALL PROGRAM REPORT: 2024-2025

The Fairfield County Workforce Center partners with all eight school districts in Fairfield County to deliver a variety of programs. Over the past year, we served a total of 280 K-12 students through three key initiatives: Career Readiness, Senior-Only Programming, and Career Summer Camps.

Career Readiness

Prepares students for a career directly out of high school by training them in soft skills and helping them with mock interviews, resume writing, and job searching.

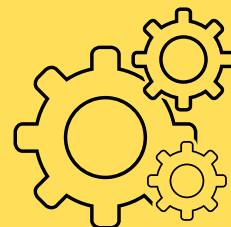

Senior Only Programs

These programs prepare high school seniors for specific industries through Discovery Days, hands-on learning, and targeted training in their chosen field.

Career Summer Camps

Now in its fourth year, the Fairfield County Summer Camps program focuses on three core industries: manufacturing, healthcare, and construction. This year, 119 junior high school students participated in the camps, gaining valuable hands-on experience and career exploration opportunities.

"THE WORKFORCE CENTER IS A VITAL BRIDGE BETWEEN EDUCATION AND INDUSTRY, HELPING PREPARE STUDENTS FOR REAL-WORLD SUCCESS."

—RICK SZABRAK, DIRECTOR OF ECONOMIC AND WORKFORCE DEVELOPMENT

LET'S KEEP BUILDING.

FAIRFIELD COUNTY WORKFORCE CENTER - OVERALL PROGRAM REPORT: 2024-2025

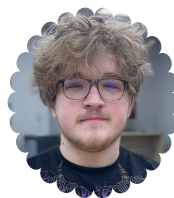

"This will give them [students] the opportunity to start their adult life with no debt and potentially make a good income."

Chuck Norris, Water Supply Program Instructor

"I don't have to go to college - they set me up with employers before I graduate. I'll have a job before I graduate, and they set me up with professionals to help me navigate my career."

Aiden Andrews, Electrical Program

"It's such a cool opportunity. So I went through with it, and I'm so glad I did, because I feel like I'm ahead in life and I feel so mature here. It's such a great opportunity."

Nikole Roby, Phlebotomy Program
