

# Start your career as a carpenter

*with Hocking College's pre-apprenticeship  
program at the Fairfield County Workforce Center!*

**Explore an alternative path to graduation, earn  
certifications, college credits, and join the workforce  
with competitive skills!**

**In this program, students will...**

- be introduced to the carpentry trade, wood building materials and lumber terms, fasteners, adhesives, and hand and power tools.
- learn basic planning and estimating skills for trade-based projects.
- earn an OSHA 30 certification and up to 6 college credits from Hocking College.
