

Start Your Career in Healthcare

*with Hocking College's phlebotomy certification
program at the Fairfield County Workforce Center!*

**Explore an alternative path to graduation, prepare for
national certification, and join the workforce with
competitive skills!**

In this program, students will...

- become prepared for national certification and entry level employment by covering OSHA, HIPAA, CDC standards, and more!
- develop proficiency in phlebotomy, dermal puncture, and specimen collection.
- have the opportunity to take the nationally recognized exam to become a Certified Phlebotomy Technician.
